

We are a growing manufacturer of deep drawn metal components and progressive die stampings. We are looking for individuals who are willing to grow with us and enjoy the challenges and diversity of working in a fast paced production environment. We offer a clean, modern and air conditioned work environment.

We currently have openings on our 1st, 2nd and 3rd shifts for entry level positions that include Press Operators and Quality Inspectors. We have internal training programs that will help you be successful in these positions as well as prepare you for opportunities for advancement.

Requirements: High School diploma, good work ethic and attendance, team player with ability to work and communicate well with co-workers and willingness to learn.

Positions, duties, pay scale and opportunities for advancement:

- **Press Operator** – Operating stamping presses. Loading of raw material. Managing scrap removal. Pulling completed tooling and cleaning presses. Pay range \$12-\$15/hr. depending on experience/performance. Potential to advance to Die Setter/Tool and Die Apprentice \$15-\$25/hr.
- **Quality Inspectors** – Perform all in-process quality checks, final audits and SPC requirements. Pay range \$13-\$16/hr. depending on experience/performance. Potential to advance to Quality Technician \$15-\$20/hr.

Benefits:

Paid Holidays and vacation
Health, Dental and Vision insurance available
Matching 401K retirement plan
Starting wages depends on experience
Overtime available
2nd and 3rd shift have 20% shift premium
